

Invitation

Dear colleagues from Sapporo!

We are pleased to invite you to take part in **conference of young scientists: biotechnologists, molecular biologists, virologists and biophysicists**. The event will be arranged 27 – 29 October 2020 in science town Koltsovo – in the “heart” of biopharmaceutical cluster of Novosibirsk region.

The conference of young scientists consists of 4 sections: 27.10 - «Virology», 27.10-«Biophysics», 28.10 –«Biotechnology», 29.10 –«Molecular Biology».

Brief information about OpenBio:

OpenBio communication platform is a complex of events, dedicated to commercialization of ideas and business development in the sphere of life sciences:

**FORUM FOR BUSINESS, SCIENCE, AUTHORITY
AND INFRASTRUCTURE**

**SCIENTIFIC CONFERENCE FOR YOUNG VIROLOGISTS,
MOLECULAR BIOLOGISTS, BIOTECHNOLOGISTS AND
BIOPHYSICISTS**

**EXPOSITION OF BIOTECH AND BIOPHARMA
ENTERPRISES**

**SCIENCE WITHOUT LIMITS:
CHILDREN FORUM, ART SCIENCE, AESTHETICS OF THE
MICROWORLD**

The first OpenBio platform was held in October 2014 in the science town Koltsovo and got a status - an event of “Europe-Russia Year of Science”.

OpenBio forum is a large professional event in the sphere of biotechnology and biopharma. It is a center of gravity for business and science community among Russian and foreign experts and specialists. Leading scientists and business are focused on issues of innovations development and competitive advantages.

OpenBio Accelerator is included into implementation plan «Biotechnology and Genetic Engineering Development» for 2018 – 2020 years. This plan was approved by the Order of Russian Government 28.02.2018 № 337-p.

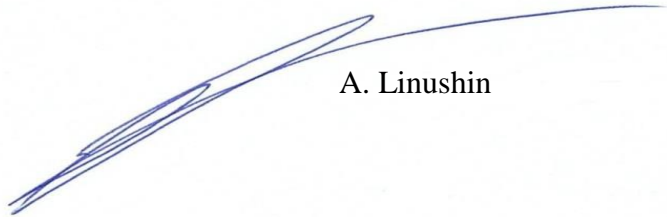

Every year hundreds of specialists: representatives of biotech and biopharm business, science, Russian and foreign experts, are involved in the working process.

In 2019 almost 1000 people from 21 regions of Russia, business and science centers representatives from 10 countries came and took part in OpenBio communication platform.

For more information www.openbio.ru or openbio@openbio.ru

Transfer and accommodation costs are covered by the host. Participation in the conference is free.

Best regards,
CEO of ANO «Innovation Center Koltsovo»

A. Linushin

Invitation

Dear colleagues!

We are pleased to invite you to take part in **annual OpenBio communication platform**.

It is complex of events in the sphere of life sciences. Since 2014 it has held in the Science city of Koltsovo, Novosibirsk region, Russia. This year it will be held on **30 October, 2020**. **Whether this forum is offline or online, it will depend on the epidemic situation in our region and in Russia as well. The format is in discussion.**
