INFORMATION LETTER

Herewith we are pleased to invite you to take part in the 1st International scientific conference on **ENVIRONMENTAL SUSTAINABILITY MANAGEMENT AND GREEN TECHNOLOGIES** on **30th June – 2nd July 2021** in Novosibirsk, Russia.

Representatives of state federal and regional institutions, specialists in the above-mentioned area, entrepreneurs, representatives of the business community, international and non-government organizations, leading research institutions and laboratories, and mass media are invited to participate.

The main objectives of the conference are:

- generalization of ideas and best practices for the use of natural resources in modern society in the interests of future generations by solving the problems of resources shortage, their irrational use, improving demography, eliminating toxicity of industry etc., including necessary changes in policy, budget, institutions and regulatory legal bases of government bodies, cities and local authorities;
- ensuring use of international innovative experience in green technologies;
- identification of problem areas and strategic priorities in the development of territories with regard to the state and availability of modern resources in the world;
- formation of a united position on solving the tasks of the Global Program for Sustainable Development Management through the introduction of green technologies and education for sustainable development.

Conference Topics

1. Innovative solutions to ensure preservation of natural ecosystems.
2. Resource-saving and ensuring rational consumption and production patterns.
3. Management of sustainable development of territories.
4. Ensuring the safety and environmental sustainability of cities and towns.
5. Sustainable development of recreation and tourism.
6. Sustainable economy.
7. Ensuring food security and the availability of healthy and safe food.
8. Education and awareness-raising for sustainable development.

Sessions will be held both **offline** at NSTU and **online** using the ZOOM platform.

The official languages of the conference are English and Russian.

The organizing committee will select papers and then notification of papers acceptance will be sent out before **20 June 2021**. The conference papers will be indexed in SCOPUS in the journal "E3S Web of Conferences" <https://www.e3s-conferences.org>

Publication of Conference Papers

The priority of the publication is given to scientific papers corresponding to the specialization of the conference and having scientific novelty. Papers already published or sent for another publication are not accepted!

The originality of the text must be 75% or more.

Papers are published only in English.

An example of a paper template can be found at http://naukon.rf/images/shs_article.doc

The Registration Form is available at <http://esmg2021.ru/images/reg.doc>

It must be submitted together with the paper until **15 June 2021**.

Registration fee: 140 euro (for one paper in the conference proceedings).

Publication format requirements

The paper volume: 5-6 full pages (font size 10 pt, single spacing). One author may publish no more than two papers.

The number of authors in one paper must not exceed five.

The following steps will be applied to the papers: 1) paper registration 2) check for uniqueness (originality) 3) peer review 4) translation 5) conclusion of a registration fee agreement 6) acceptance notification for publication.

Please send your papers and related documents to esmg2021@corp.nstu.ru until **15th June 2021**.
